

FINANCIAL AND CANCELLATION POLICY

As a courtesy to our patients, we are happy to submit your dental claims to your insurance carrier. In addition we will wait up to (6) weeks for any monies estimated due from insurance carrier. All services are due to be paid in full within sixty (60) days of the date service, regardless of whether or not your insurance benefits have been received. Many dentists do not offer this courtesy, as the patient must normally pay in full in advance and wait for reimbursement from their insurance carrier.

Insurance is designed to offset the cost of your dental care. We try as best we can to ESTIMATE what your insurance company will pay us on each claim we submit, and then collect what your estimated portion will be at the time of service. Patient portions cannot be determined until the claim has been processed by your insurance carrier. Therefore, should there be a discrepancy between what we have ESTIMATED your portion to be and what the Insurance carrier pays; the remaining unpaid portion will be due from the patient.

Your insurance is a contract between you, your employer, and the insurance carrier all charges are ultimately the patient's responsibility.

Patients without insurance, I agree that I am fully responsible for the total payment of all procedures performed in this office. I understand that all monies are to be paid in full at the time services are rendered unless prior arrangements have been made

We reserve the right to CHARGE for appointments cancelled or broken without 24 hours advance notice.
